DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1-75 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-44 and 52-75 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-44 and 52-75 claim method steps, however, the method steps are not further defined to describe what entity is performing the method.

Allowable Subject Matter

4. Claims 45-51 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: Regarding claims 45-51, prior art fails to suggest or render obvious a system providing real-time scheduling in such a manner described to minimize variance of communication service levels.
6. Regarding claims 1-44 and 52-75, they would be allowable once the 112 rejection has been overcome.
